Loadlinkers Call Script

Broker Lead Engine · quick reference. Say it in your own voice, but keep the key lines.

OPENER

OPENER

“Hey [Name]? It's [First Name], [Full Name] with Loadlinkers. Just so you know, this call may be recorded for quality. I'm looking at your FMCSA profile here, I saw your authority went active recently, and I was wondering if you could help me out for a moment?”

They say: “Sure, what's this about?”

“Well, I'm not even sure if it makes sense for us to talk yet. I'm calling new brokers to see who's still running loads and rate cons on spreadsheets, because that usually costs hours every week and causes billing mistakes. Is that something you're dealing with?”

→ Excel / interested: go to YES PATH. Objection: go to NO PATH.

YES PATH

THEY'RE ON EXCEL / INTERESTED

They say: “Yeah, we're on Excel.”

“Got it. How many loads are you running a week, roughly?”

Note: Listen. Note the number in the CRM.

“Okay. We built Loadlinkers TMS for exactly that stage. Rate cons, FMCSA carrier checks and invoices in one place, and we'll import your spreadsheet for you. There's a 7-day free trial. Would you be opposed to me texting you the trial link so you can try a load or two on your own time?”

They say: “Sure.”

“Perfect. Is this the best number to text?” “And would you be against a quick 15-minute call on [day] at [time], so I can import a few of your loads live?”

Note: Save the outcome "Trial link sent" (or "Demo booked") after the call.

NO PATH

"WE ALREADY HAVE A TMS."

“Which one are you using? … If you could change one thing about it, what would it be? … That's one of the reasons we built ours. Would you be opposed to me texting you the trial link, just to compare?”

"NOT INTERESTED."

“Totally fair. Is it because you're set with a system, or it's just not the right time?” If timing: “Would it be okay if I check back in a month?”

"SEND ME AN EMAIL."

“Happy to. What should I put in it so it's actually useful, pricing or a quick video?” Save the outcome "Email requested".

"HOW MUCH IS IT?" · "I'M BUSY RIGHT NOW."

“It starts at **$69 a month**, and there's a 7-day free trial.” / “No problem. When's a better time, later today or tomorrow morning?” Get an exact time. Save "Callback requested".

MARKETPLACE

PITCH THE MARKETPLACE (AFTER THE TMS IS REJECTED)

“Totally understand. One more thing before I let you go, and this one's free. We also run the Loadlinkers Marketplace, where we personally connect brokers with freight agents and dispatchers. You post what you're looking for, and when we find a good fit, we introduce you. Would you be opposed to me texting you the link to create a free profile?”

"HOW DOES IT WORK?"

“You sign up with what you need. Profiles stay private until we make a match, then we introduce both sides. No cost to join.”

Don't call the Marketplace a “load board”: it gives introductions, not loads. Never claim data we don't have.
